

HEALTH CARE CHAMPIONS

Year-Long Corporate Sponsorship Opportunity

Help ensure that all people have the opportunity to live their healthiest life.

When you give to Unity Care NW your organization is part of supporting health care access for 1 in 10 Whatcom County residents who are struggling to make ends meet. Your sponsorship helps create lasting community change by removing barriers to care, reducing the spread of illness, and easing the strain on our local Emergency Department.

THEIR STORIES

Unity Care NW provides care for approximately 21,000 Whatcom County friends and neighbors, here are just a few of their stories of success and triumph:

AN EPILEPTIC MAN

experiencing homelessness who received medication, mental health support, and connections to outside services to move in to his first home.

A STRUGGLING FAMILY

between jobs who found whole person health care for their 5 children.

AN ELDERLY WOMAN

who discovered a new smile after receiving the dental care she needed.

A LITTLE BOY

whose stomach infection was cured thanks to prescription assistance in our pharmacy.

INNOVATIVE PROGRAMS

Health happens inside and outside the exam room, that's why we developed a variety of additional programs to support our patients on their journey to a happier and healthier life:

WHOLE PERSON CARE MODEL

Providing medical, dental, mental and behavioral health, and pharmacy services all in one convenient place.

EXTEND-A-HAND

Covering costs of crucial prescriptions for patients unable to afford them.

PAIN MANAGEMENT

Meditation/mindfulness, yoga, QiGong, and acupuncture for patients struggling with chronic pain.

MOBILE DENTAL

Visiting schools in Whatcom County, providing dental exams and appointment scheduling for our youngest community members.

HAND-UP FOR HEALTH

Additional patient support for items and services that they are unable to afford and their insurance is unable to cover (like blood pressure monitors or compression socks).

VEGGIE RX

Fruit and veggie vouchers, nutrition classes, and appointments with our dietitian for patients with uncontrolled diabetes and other health conditions.

*When individuals are healthy,
communities are healthy.*
